#### Student union at BUT

At the Bialystok University of Technology, there is a Student Council, which was elected by the student body through elections. It represents the entire student community of Bialystok University of Technology. Its main goal is to ensure that every student of Bialystok University of Technology has the opportunity to pursue their goals, has someone to turn to for help, and also experiences additional activities beyond their everyday academic pursuits.

The Student Council is also a place of development. Students are involved in numerous university-wide and faculty-level committees, where they undertake various projects, both for students and in collaboration with the university on initiatives directed towards the community in the region. The Student Council values conversations with students and their opinions, which is why they have their own office at each faculty. Working in the Student Council requires dedication, but it also provides valuable experience that can be beneficial in finding one's dream job.

Structure of the Student Council of Bialystok University of Technology:

- 1. Board of the Student Parliament of Bialystok University of Technology
- 2. Student Parliament of Bialystok University of Technology
- 3. Presidium of the Student Parliament of Bialystok University of Technology
- 4. Faculty Councils of the Student Council
- 5. Program Committees
- 6. Task Committees
- 7. Revision Committee
- 8. Residents' Council

The Student Council of Bialystok University of Technology operates based on the Regulations of the Student Council of Bialystok University of Technology, which was introduced by the resolution of the Senate of Bialystok University of Technology. This document defines the rules for conducting elections to the Student Council (in which students from the entire university participate).

Decree No. 2/XII/2020 of the General Assembly of the Student Council of Bialystok University of Technology, dated 18th December 2020, regarding the confirmation of the compliance of the "Regulations of the Student Council of Bialystok University of Technology" with the Law on Higher Education and the University Statute. <a href="https://bip.pb.edu.pl/index.php?event=informacja&id=19512">https://bip.pb.edu.pl/index.php?event=informacja&id=19512</a>

The Student Council operates based on the provisions of the Statute of Bialystok University of Technology, which is the highest internal legal act of the University.

As of the date 01.09.2024

• The Student Government of Bialystok University of Technology organized a convention of the Forum of Technical Universities in Bialystok. This event allowed delegates from universities from all over Polish to expand their knowledge, exchange experiences and discuss together how to effectively act for the benefit of students at universities. For the student government, it was a great place to learn and draw on models from all over Polish, in addition, it was a great opportunity to present our university as modern, effective and organized. During the congress, training was conducted on topics such as: cooperation, quality of education and interpersonal communication. In addition, during the congress, a meeting of the Council of Seniors of the Forum of Technical Universities took place and a working session was held.

# The Student Council of Bialystok University of Technology closely collaborates with the Student Parliament of the Republic of Poland

Samorząd Studentów Politechniki Białostockiej

The Student Parliament of the Republic of Poland is an independent nationwide organization, serving as the statutory representative of all students in Poland. It brings together student councils from all public and private universities in the country, including those from Bialystok University of Technology. According to the Law on Higher Education and Science, it represents the student community before the authorities of the Polish State and provides opinions on legal acts concerning students.

• The Student Council of Bialystok University of Technology closely collaborates with the Forum of Technical Universities (a nationwide student organization that brings together all technical universities in Poland).

As of April 21, 2006, an agreement was reached, including Bialystok University of Technology, to establish the Forum of Technical Universities, which represents the community of all technical universities.

The Forum of Technical Universities serves as an excellent platform for exchanging experiences and knowledge within the academic community of technical universities. It seeks creative solutions to student issues while respecting the law and the autonomy of universities. An important aspect of the Forum's activities is its continuous support for student councils in a reliable manner, assisting students in their dynamic development within the scientific community through internships and practices, as well as providing help in entering the job market.

The Forum of Technical Universities consolidates the technical university community, caring for common interests, and emphasizing the position of higher technical education in Poland. It is a sectoral commission of the Student Parliament of the Republic of Poland and unites 33 student councils from technical universities, all working for the betterment of students and collectively growing and sharing knowledge.

# Przestrzeń do dyskusji i nauki od **2006**

Naszym głównym atutem jest silnie zgrane środowisko, którego członkowie wzajemnie się wspierają. Forum jest przestrzenią do dyskusji i wzajemnej nauki, na czym szczególnie nam zależy.

Mamy wiele możliwości do wygłaszania naszych opinii w środowisku akademickim oraz aktywnych i doświadczonych działaczy.

Studenci

Współpraca

Misja

Forum to studenci uczelni technicznych z polskich uczelni.

Rozwijamy współpracę z PSRP, MEiN oraz podmiotami międzynarodowymi.

Budowa relacji, nauka, zdobywanie doświadczenia i wiedzy!
