

Środa, 3 grudnia 2025

Wydział Budownictwa i Nauk o Środowisku – sala Rady Wydziału 34A

9.10 - 9.50 - Fatima El Bchari, Universite Cadi Ayyad, Maroko,
„Environmental management and GIS application in territorial analysis”

9.55 - 10.35 - Olumuyiwa Abiola Adejumobi, University of Ibadan, Nigeria
„Environmental Pollutants and there Effects on Plants safety and Livability and Animals’ Health”

10.40 - 11.20 - Portia Mupfumira, Harare Institute of Technology, Zimbabwe
„Modelling the future: Simulation-based approaches to climate resilience or smart environmental protection through modelling and simulation”

Czwartek, 4 grudnia 2025

Wydział Informatyki

8.30 - 11.00, sala A230 - Adeleke Oludele, University of Ibadan, Nigeria
„Rain Channel depletion of SNR and BER OFDM network in a 5G and 6G Mobile Using machine Learning”

10.15 - 11.45, sala A025 - Dubljanin Milan, Univeristy of Pristina in Kosowska Mitrovica, Serbia
„Optimization of neural networks”

10.15 - 11.45, sala C25/2 - Racheal Chicoore, Harare Institute of Technology, Zimbabwe
„Artificial Intelligence in Education Software Project Management Knowledge Areas”

Wydział Mechaniczny

Od godz. 11.00, sala 301

Prof. Emiliano Martinez, Universidad Iberoamericana, Meksyk
„Mechanical engineering nowadays at IBERO: Re-learning the Basics”

Dr Youssef Agrebi Zorgani, Higher Institute of Technological Studies of Sfax, Tunezja
„Enhancing Photovoltaic Panel Efficiency Using Air-Cooled Heat Sink: An Experimental Study”

Wydział Inżynierii Zarządzania

10.00 – 11.45, sala 105 KB (budynek Berlin) - Prof. Oualida Benalli, Universite Cadi Ayad, Maroko
„Beyond the Pitch: Building Unshakeable Credibility for Early-Stage Social Ventures”.
