

**Wednesday, December 3, 2025**

**Faculty of Civil Engineering and Environmental Sciences – room 34A, Faculty Council**

9.10 - 9.50 - Fatima El Bchari, Universite Cadi Ayyad, Morocco,  
„Environmental management and GIS application in territorial analysis”

9.55 - 10.35 - Olumuyiwa Abiola Adejumobi, University of Ibadan, Nigeria  
„Environmental Pollutants and there Effects on Plants safety and Livability and Animals’ Health”

10.40 - 11.20 - Portia Mupfumira, Harare Institute of Technology, Zimbabwe  
„Modelling the future: Simulation-based approaches to climate resilience or smart environmental protection through modelling and simulation”

**Thursday, December 4, 2025**

**Faculty of Computer Science**

8.30 - 11.00, room A230 - Adeleke Oludele, University of Ibadan, Nigeria  
„Rain Channel depletion of SNR and BER OFDM network in a 5G and 6G Mobile Using machine Learning”

10.15 - 11.45, room A025 - Dubljanin Milan, Univeristy of Pristina in Kosowska Mitrovica, Serbia  
„Optimization of neural networks”

10.15 - 11.45, room C25/2 - Racheal Chicoore, Harare Institute of Technology, Zimbabwe  
„Artificial Intelligence in Education Software Project Management Knowledge Areas”

**Faculty of Mechanical Engineering**

11.00, room 301

Emiliano Martinez, Universidad Iberoamericana, Mexico  
„Mechanical engineering nowadays at IBERO: Re-learning the Basics”

Youssef Agrebi Zorgani, Higher Institute of Technological Studies of Sfax, Tunisia  
„Enhancing Photovoltaic Panel Efficiency Using Air-Cooled Heat Sink: An Experimental Study”

**Faculty of Engineering Management**

**10.00 – 11.45, room 105 KB (Berlin building)** - Oualida Benalli, Universite Cadi Ayad, Morocco  
„Beyond the Pitch: Building Unshakeable Credibility for Early-Stage Social Ventures”.
