

IT Systems Administrator

Position Level: Junior

Place of Work: Białystok

By joining our team:

- You will not sign any loyalties!
- You decide on the form of our cooperation - always having annual leave
- After the trial period, you sign a contract for an indefinite period - we want you permanently, not "for a while"
- You receive a satisfactory salary
- You have the opportunity to participate in training courses and conferences tailored to the needs of your position
- You decide about your working hours
- We will co-finance the MultiSport card of your choice
- You can attend our non-standard English language classes
- You work in international projects in a team that goes beyond the usual patterns and looks for out of the box solutions!
- You have our support while "at work" but, if necessary, also in "off-work" situations;)
- You become a member of the original LBPro LoyaltyBox program - you collect points and you choose your rewards
- You use the LBPro BookZone anytime you want
- You participate in competitions and events - check our social media and see "how we have fun"
- You have a parking space for your car, scooter or bicycle in front of a well-situated office.

Your mission in our company:

- design, development, maintenance of IT systems and their production environments (mainly MS Azure)
- monitoring and supervision of applications from the IT and performance side
- preparation of security procedures and documentation necessary for the stable operation of IT systems
- IT support for the development team
- automation of the CI / CD software development and implementation processes
- automation of repetitive actions
- support for the IT team in current tasks.

What do you need to carry out your mission?

Programming / database languages

Python Bash PowerShell MS SQL MySQL
