

We are one of the largest employers in the region. We take pride in making finished products for the household appliances industry, water filtration, lighting, cleaning & painting equipment for global brands such as Philips, Lavazza, Brita, Signify, Wagner or Kärcher. Currently we are looking for:

## PRODUCTION PLANNING SPECIALIST

(location: Białystok)

### Main responsibilities:

- Create and maintain production schedule
- Generate and update short and medium-term production plans (capacity, inventory, raw material)
- Resolve planning conflicts resulting from capacity, production, or raw material availability
- Analyze sales data to ensure product availability in accordance with customer demand
- Cooperate with Purchasing, Production, Quality and Logistics teams
- Attend daily/weekly plan fulfillment meeting to ensure proper product flow
- Update and maintain planning policy data
- Prepare reports and analyzes for internal purpose
- Execute operational work related to various systems (i.e. QAD, APS Preactor and internal platforms)

### Our expectations:

- Technical or economic university degree, preferably in the fields of: Production Management, Supply Chain, Logistics (students of last year also welcomed)
- Good knowledge of MS Office, especially Excel
- English knowledge - intermediate level required (speaking and writing)
- Knowledge of end-to-end Supply Chain processes
- Analytical and problem-solving skills with the ability to work under pressure
- Strong communication skills
- Willingness to learn and develop new skills

### Our offer:

- Stable employment based on full-time job contract
- An international working environment in a dynamic company
- Many opportunities to learn and develop
- Interesting projects and the possibility of raising qualifications
- Non-wage benefits, including: multisport, private medical care and more

We are looking forward to your application!
