

Ladies and gentlemen,

Dear colleagues,

this morning the world was confronted with Russia's unprecedented military aggression against Ukraine. Bialystok University of Technology is a university where democracy, equality and freedom are the foundations of the modern world.

At this difficult time, Bialystok University of Technology expresses its solidarity with the Ukrainian people.

With concern and anxiety we think of our many Ukrainian partners: lecturers and students, who are currently experiencing the consequences of the criminal policy of the Russian president.

We express our solidarity with you and we hope for a rapid and successful resolution of the conflict.

You can count on our support.

Rector of Bialystok University of Technology

Assoc. Prof. Marta Kosior-Kazberuk, DSc, PhD, Eng

Bialystok, February 24, 2022
